Canonical Visitation of our Superior General!

Beloved Brothers,

Let us welcome our beloved Superior General Very Reverend Dr. Abraham Vettuvélil MSFS who is making the Canonical Visitation to the USA Vice Province beginning from November 14 to December 8, 2016. It is a special time of joy, unity and rejuvenation for the Vice Province and the confreres working in the United States. Let us make it as a special time of grace and blessing for the growth and development of the Vice Province and the spiritual and physical well being of the confreres. Please join me in heart and spirit in welcoming him to our Vice Province. Let us also pray that he will have safe and pleasant visitation in the USA Vice Province.

The Purpose of the Visitation

The Constitution of the Missionaries of St. Francis de Sales states:

“The visitation of the Superior General to the Province should be so prepared that it becomes an occasion for evaluation, renewal, and re-invigoration of the Province Life and Apostolate (Art. 201/vi).”

The focus of the Visitation:

- An evaluation of the Community Life and Apostolic Life
- A renewal of religious life in Local Communities
- Meeting of all confreres personally and in Local Communities.

The Superiors of the Local Communities prepare a reflective report with an evangelical critique on community life, religious life and apostolates in the community and present the report in the Community Meetings.

The reflective report highlights:

- The strength, weakness, opportunities, and possibilities for the Mission of the Local Communities
- Identifies one area that the communities will focus on in the next 3 years
- How far the Action Plan of the Vice Provincial Congress (2016) and the Directives of the General Chapter 2013, and TMM 2016 are being realized in the Communities
- Major challenges and concerns in the Vice Province and Local Communities
- Addressing the establishment of Fransalian Associates/Friends in the USA Vice Province

What he would like to accomplish:

- ◆ Personal meeting with every confrere
- ◆ Community Meeting with the Local Communities
- ◆ Half hour of adoration with the community in the chapel

We shall make the visitation as simple as possible focusing on the essentials of priestly and religious life.

If the community feels it is necessary and beneficial, not too far and affordable within the time frame he will be able to visit with the Bishops. If not, it is not very essential. He would like to spend quality time with the confreres in the Vice Province.

P. Chinnappa Reddy, Provincial of Visakhapatnam Province, Fr. Benny Kootanal, Provincial of South West Province, Fr. Vincent Lourduswamy, Provincial of Pune Province, Fr. Jacob Karamakuzhy, Provincial of Nagpur Province and Fr. Tomy Puliyanampattayil, Vice Provincial of USA Vice Province.

Objectives of the Meeting:

- To see what type of relationship and collaboration we have
- To have sometime away to share and discuss the matters of the congregation
- To strengthen and appreciate each other
- To share our challenges
- To ensure that we are in alignment with the constitutions on matters of administration
- To educate and train ourselves to be effective leaders and animators
- To give priority to the spirit of Charism

The assembly discussed and decided on several matters of importance for the growth and development of the congregation in different levels in all the Countries. It was a time of thinking together, visioning together, working together and living together as Fransalians with role and responsibility of leadership and animation. For me personally as a newly appointed Vice Provincial, it was a learning experience where I could sense and experience the spirit and direction of our congregation as a Missionary Congregation. It helps me to animate and lead the Vice Province in the right direction in compliance with the spirit and mind of the Congregation and the present leadership. I had also the joy of meeting with some of my batchmates and cohorts who are also in the leadership positions.

I had the opportunity to meet with all the Provincials personally requesting them to support the Vice Province by lending confreres on a long term basis to work in the USA Vice Province. I was very happy with the response and support that all the Provincials provided by assuring me to lend confreres to work in the Vice Province in the near future. We can hopefully wait for some confreres joining the Vice Province from outside the country in the near future.

I also really experienced the support and cooperation that the General Curia is offering to our Vice Province. They are really supportive of our mission and ministry especially the ones leading to the expansion and growth of our Vice Province into a full fledged province in the future. As a whole it was a wonderful experience of being together as leaders and animators, especially as men of the same mission and vision.
